

# WE'RE HIRING!

## 2021/2022

# Şu:dağī 'O Wuḍ Doakag Water is Life

## AFTER-SCHOOL PROGRAM

We are now accepting applications to fill **ten internship positions** for the Şu:dağī 'O Wuḍ Doakag (Water is Life) after-school program. This class will teach and encourage young Tohono O'odham youth to become more connected with their environment and become land stewards within their community through hybrid virtual learning and in-person hands on work.

Students will be introduced to permaculture and the ways the O'odham traditionally viewed their relationship with the Sonoran Desert. Students will continue managing the **Ju:ki Oidag project** that was started in 2019 that created a rainwater-harvesting native plant and heritage food garden on campus, and will plan and implement a new project on BHS campus.

### PROGRAM DETAILS:

Positions are open to BHS students ages 15 -18.

Interns will meet both **online** via Google Classroom **and in-person** following strict COVID-19 safety protocols with occasional field trips on Saturday's at 8AM. **The program takes place October 26, 2021 through May 12, 2022** with in-person meetings beginning November 23.

Application deadline, **October 15, 2021 by 5PM.**

## APPLY NOW!
